BIOBACT power

Powerful biotechnological all-purpose cleaner

BIOBACT power – the powerful alkaline cleaner impresses with dual action: biotechnological odor removal and simple yet thorough cleaning of all floors and surfaces. The probiotic ingredients even reach dirt in hard-to-access areas, and effectively eliminating unpleasant odors.

BIOBACT power leaves surfaces spotless, streak-free and shiny. Regular use also prevents the buildup of organic dirt (such as cellulose, fat, protein and starch).

Thanks to the absence of hazardous ingredients, BIOBACT power is a material-friendly all-purpose cleaner. It is made from 100% natural microorganisms, making it safe to use and environmentally friendly.

Sales Unit

716825 10 x 1 l bottle

EU Ecolabel:
AT/020/012

Area of application:

- ✦ Particularly suitable for high-traffic areas such as waste management facilities, nursing homes, public sanitary installations and public buildings.
- ✦ Also ideal for water-resistant floors and surfaces, such as tiles, rubber, linoleum, PVC and ceramic in sanitary areas, fitness areas or changing rooms.

Benefits for the environment

- ✦ Made from 100% natural microorganisms
- ✦ Bottle made from 100% recycled plastic and fully recyclable
- ✦ CLP-free and fully biodegradable

Benefits for business

- ✦ Saves time by cleaning and removing odors in one step
- ✦ Depot effect with long-lasting dirt and odor elimination
- ✦ High-performance cleaner with extra power
