

TIMBER *easy*

Economical. Modern. Uncomplicated.

- System developed especially for cleaning and maintenance of highly frequented real wood floors
- Especially economical and easy restoration
- Preserves the value of the flooring
- Postpones necessary renovation by means of costly grinding work
- Basic cleaning of dirty and lightly scratched floors
- Maintenance with an oil- or laquer-like appearance

Before:
Worn out floor

After:
Restored with TIMBER *easy*
