

YOUR ADVANTAGES AT A GLANCE

QUICK & EASY

#mobile #flexible #safe

Foam head

Water and concentrate are mixed directly in the spray head:

- Foam spraying avoids aerosols in the air
- Foam for better adhesion to surfaces to be cleaned
- Free basic equipment of foam heads

Easy dosing

- Integrated exact dosing enables low application costs
- Ensures optimum cleaning performance and prevents overdosing
- Ergonomic trigger
- Automatic lock when water or concentrate cartridge is empty immediately indicates the need for refilling

Water cartridge

- Mobile - refillable with water everywhere
- Reduces weight and unnecessary ways

Sustainability

- C2C & Ecolabel certified products
- Bottle are made of recycle and recyclable

Safety cap

- Leak-proof cartridges
- No contact with the concentrate
- Change cartridge with one click

CLP labelling

- With the label-free application solution (exception: SANET power), the product offers maximum user safety.

QR code

- Mobile application trainings

Exchangeable cartridges

- The right product is quickly ready for use
- Short set-up times
- No more contaminated cleaning solution
- Complete emptying
- Highly concentrated cleaners allow for lower stock levels

Belt

- Several products available in hand
- Avoid unnecessary ways

QUICK & EASY
