Tana-Chemie GmbH
Werner & Mertz Group

Pioneer for 50 years:

Tana-Chemie – A company with a vision

For more than 150 years, the family-owned Werner & Mertz has been successful in the market as an umbrella brand and European forerunner in innovations for the cleaning industry. In 1971 Tana-Chemie was set up with offerings tailored to professional cleaning services. Our established brands Green

Care Professional and Tana Professional, supported by highly qualified and motivated employees, stand for the entire company's unwavering commitment to sustainability. We are driven by our desire to make a sustainable lifestyle attainable for the majority even beyond the boundaries of our brand.

1971
Founding of
Tana-Chemie GmbH

1989
Launch of
Green Care brand

2003
EMAS-certified production
site in Mainz, Germany. Followed
by Hallein, Austria in 2005.

Better across the industry:

Wherever people come together,
our cleaning products are put to use.

Together we are on the way to becoming the European market and innovation leader in professional specialized care. In our sector we will succeed with exemplary ecological products and concepts designed and developed for the circular economy. Based on our many years of experience, we provide our customers with comprehensive, customized and integrally sustainable hygiene solutions that contribute to their success.

Some of our major sectors:

- Public institutions
- Offices and commercial space
- Healthcare facilities
- Hotels, cafés and restaurants
- Industry
- Transportation and traffic

Strong brands

Our two pioneer brands Green Care Professional and Tana Professional have their origin in the sustainability philosophy of our company. Linking tradition with innovation, they set standards in cleaning performance, economic efficiency and user safety. Read more about our strong brands on pages 10 and 11.

2005
First EU Ecolabel certification

2007
First Nordic Swan certification

2007
Revision of development guidelines and publication of the sustainability information for each product

2008
First bottle with 30 % share of recycle

Our unequivocal

stance is the basis for value creation

1 Responsibility

We keep our promises and accept our responsibility for others in the belief that a healthy and safe environment begins with ourselves.

2 Quality

By providing first-class products and solutions, we contribute to our customers' current and future business success.

3 Passion

We put our heart and soul into promoting diversity and ensuring good quality of life.

4 Integrity and Respect

In keeping with our corporate principles, we comply with the highest ethical standards in all we do and stand for honesty, integrity and fairness in dealing with employees, business partners, customers and the general public.

2013
First Cradle to Cradle® Gold certification for a complete range of cleaning products

2014
First bottle of 100 % recycle

2015

Extensive Service

Based on unique expertise

Our passion for cleanliness and our decades of experience in the cleaning industry make us the perfect contact for all your issues. With us you

benefit from efficient and innovative products and a complete service portfolio too. Here is an overview of our main services:

Our Service Portfolio: For your satisfaction and efficiency

- 1 | Top advice**
Our qualified advisors closely examine your cleaning services and help you to optimize them.
- 2 | Customized concepts**
When you need recommendations or cleaning or plans, we use our expertise to optimize your offers and solve your application problems.
- 3 | Technical Support**
We would be pleased to give you information about our services or concrete details on our separate services: info@tana.de
- 4 | Special Know-how**
We bring you and / or your employees up to date in the cleaning industry with our training programs.
- 5 | Competitive Advantage**
Sustainability is becoming more important for society and businesses. Only those companies that can credibly convey their sustainability efforts will realize a competitive advantage. We'll help you to do just that!
 - Performance Calculator to figure out potential improvement to your ecological footprint
 - Certificate that proves your resource conservation with our products

Green Care Professional:

Our sustainable pioneer brand

Doing the right things right

Safe, effective, circular. Our Green Care Professional brand stands for high-quality cleaning products in harmony with nature. We have many ways to interpret “cleanliness”, i.e., as the effect of cleaning, but also clean for people, animals and the environment. From this basic understanding we developed our “circular” strategy. The materials used in the production of our Cradle to Cradle® certified assortment can be returned to the technical and biological cycles. From that we derived our slogan “A circular future”.

Our Brand Promise:

Safe for Humans and the Environment

For more than 30 years the Green Care brand has been synonymous with first-class cleaning performance and integrally sustainable cleaning concepts. Our brand is a pioneer in a genuine circular economy along the entire value chain.

In the next chapter you can read more about the circular economy and our Green Care Professional portfolio.

Tana Professional:

Our problem solver for every purpose

General problem solver in the cleaning sector

Tana Professional has a long history of documented customer satisfaction and high quality products. For more than 50 years, Tana has been our proven cleaning brand. For special cleaning and care products or disinfectants, the problem solver Tana Professional meets the needs of every sector and industry and ensures long-term value retention.

Three steps to greater safety in everyday work

Guaranteeing trouble-free Hygiene is more important than ever in public areas, offices, retail and commercial space, hotels and restaurants. With Tana Professional, we offer you perfect protection for every area.

- 1 | Regular cleaning reduces bacterial loads.
- 2 | Surface disinfectants are recommended for heavily used surfaces.
- 3 | Hand Hygiene and supplemental hand disinfection for personal protection.

Targeted solutions for every requirement

Switch

It's time to Switch

Small lever, big leverage

The innovative Switch System combines efficient, exact dosing without extra equipment with the advantages of sustainable, economical refilling. Available for four different areas of application, the ultra-concentrated formulations satisfy the highest sustainability requirements.

An use of 10,000 liters of cleaning agents has the potential to avoid significant amounts of CO₂ emissions and crude oil and plastic consumption.*

- 4,330 kg
CO₂ emissions

- 1,379 kg
Crude oil

- 738 kg
Plastic

Save twice:

Costs & CO₂ emissions

Integrated dosing cap

- Efficient cleaning processes
- Savings on dosing equipment
- Safe handling of ultra concentrates
- Overdose prevention

Ultra concentrate

- Savings from lower use of cleaning agent and less storage space
- Reduced resource consumption
- Performance assurance certified by EU Ecolabel
- Cradle to Cradle certified

Simple instruction with a video

Refill pouch

- Cost-effective refilling
- The pouch can be 100% recycled to a high quality.
- No use of barrier materials and adhesives
- Printed area is separate from the pouch itself and fused to it only at the edges
- The pouch, spout and printed sleeve are made of a monomaterial (polyethylene or PE).

Safety with a Kliks

Simple, intuitive, efficient

Our compact Kliks cleaning systems make your daily cleaning more efficient and environmentally friendly than ever before!

It works so simply:

- 1 | Select the right Kliks product, depending on area of application.
- 2 | Connect the product to the dosing system with the connector that has no contact to chemicals.
- 3 | Work efficiently with the ideal dosage.
- 4 | The pouch, which saves up to 90 % waste volume, can be emptied completely.

Six times better: Your benefits

-  Connect without touching concentrate
-  100 % biologically degradable formulas
-  Intuitive and safe use
-  Controlled dosing and efficiency
-  Economical
-  Reduces waste

ENERGY proKliks and ENERGY topKliks

Efficient use in professional cleaning

Kliks-Systems for laundry, kitchen and building

Configure Kliks to satisfy your requirements and then use our innovative cleaning product packaging. Specially developed for your needs.

Convenient solution for laundry and dishwashing: Bag-in-Box

The practical box for laundry and dishwashing makes professional cleaning easier and prevents direct contact with the concentrated products.

Ideal for kitchen and building care: Kliks Pouch

Simplify professional cleaning in the kitchen and buildings. Our practical 2-liter pouch with high-performance cleaning concentrate is designed for use in the Kliks-System.

Laundry Hygiene

Mechanical dishwashing

Building Care

Manual dishwashing

**QUICK
& EASY**

More Efficiency with Ease

Quick & Easy – Load cartridge and “foam spray”

Our innovative system offers a unique concept for efficient and ergonomic cleaning with exact dosing, mobile use and clever packaging design. The varied and easily switched cartridges in the Quick & Easy

system make your work simple and efficient. Thanks to certified products with bottles made of recycle (Cradle to Cradle® & EU Ecolabel), you do your part in protecting the environment.

Improve your productivity:

**1 cartridge of
SANET daily Quick & Easy**

**... cleans more than
1.130 sinks.**

Foam Sprayhead

- Water and concentrate are mixed right in the spray head
- Prevents aerosol in the air
- Better adhesion on surfaces to be cleaned
- Free basic equipment of foam spray heads

Dosing with ease

- Integrated exact dosing reduces application costs
- Optimum cleaning performance is guaranteed
- Automatic lock when water or concentrate cartridge is empty
- Immediate display when refill is needed

Water cartridge

- Mobile – can be refilled with water anywhere
- Reduces carrying weight and saves steps
- Cartridges made of 100 % recycle

Belt

- All cleaning equipment immediately available
- Eliminates unnecessary steps

Safety closure

- No-leak cartridge
- No contact with concentrate
- Change cartridge very easily
- Maximum user safety

Highly concentrated

- Can be used almost anywhere
- Certified formulas

Packaging meets bronze level requirements.

Exchangeable cartridges

- Fast and efficient
- Never again germ-laden liquids
- Complete emptying
- Cartridges made of 100 % recycle

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Green Care Professional

Safe | Effective | Circular

We do not stop!

Our Green Care family continues to grow.

New record:
+200 product
certifications

In the overview online at lets-gogreen.com you can see which Tana Professional products we have already converted and the improvements we've made as we push to complete the Go Green program.

However, we are working to continue to bring the conversions forward in order to complete the Go Green program one step at a time.

A lot of changes are coming, so stay tuned!

A close-up photograph of a field of red poppies. The flowers are in various stages of bloom, with some fully open and others as buds. The background is a soft-focus blue sky. The text is overlaid on a semi-transparent white rectangular area in the upper left portion of the image.

“A credible eco product can come only from a company that consistently pursues sustainability in everything it does, guided by ecological awareness, economic foresight and social responsibility every single day.”

Reinhard Schneider,
CEO and owner of Werner & Mertz

The one-way street must be history ...

The lie of climate neutrality

**We cannot buy a way out of the climate crisis with
carbon offsets.**

Join us in creating honest
climate protection.
Read about the right way to go at:
www.circular-success.com

Cradle to Grave: The materials flow with no consideration given to long-term resource conservation from the source to the landfill

No consideration for long-term conservation of resources
"One-way design": Take – Make – Waste

Are we digging our own grave?

Rainforests on fire, plastic waste on land and sea, climate change and species extinction are some of the world's current problems. The scientific framework of planetary boundaries describes nine environmental systems that interact with each other and affect the stability of Earth. Six of the nine boundaries have already been crossed. How did this turning point come about? To answer that question, we have to look at the currently predominant economic system—the one-way street—that is leading us into a dead end.

Take – Make – Waste

The material flow design still used today for most products is referred to as "cradle to grave". Its focus is on the product's usage phase. "Cradle to Grave" ignores the origin and the ultimate fate of a product. The environmental impact during production is neglected too. Nevertheless, many companies have found a dubious way out of the dead end in the climate-damaging one-way street. Carbon offsetting gives them the chance to disguise the real environmental impact of their products.

All signs point to change

At Green Care Professional we are convinced that first and foremost, companies have to reduce their CO₂ emissions and communicate that clearly and comprehensibly. Buying a way out through carbon offsetting alone won't change a thing. The time has come to bring about the ecological transformation at an industrial level.

How can
we manage
the transformation
without giving up too much?

Simply turn the page.

... the future belongs to the circular economy

Sustainability has taken on a much bigger role. The one-dimensional Cradle to Grave principle, however, is still applied and supplemented merely by a reduction in the use of raw materials and resources. The issue: efficiency is improved, but no effectiveness is achieved.

No room for compromise in a true circular economy

In the circular economy according to the Cradle to Cradle® principle, how it is practised holistically with our Green Care Professional brand, the raw materials can be reused and pollutants are thus prevented from getting into the environment. The origin and fate of ingredients are kept in closed cycles, i.e., cleaning chemicals in the biological cycle and packaging in the technical cycle.

Formulas

We use plant-based surfactants in our sustainable formulas. They contain no critical ingredients or allergens.

Plant-based raw materials

We use renewable plant-based raw materials.

Compost

Our cleaning chemicals are biologically degradable.

Packaging

We see waste as a resource:
Almost all of our packaging is made
of recyclable and recycled waste.

Technical Cycle

Recycling

Through disposal via the Yellow Bag,
empty packaging is once
again returned to the closed
loop of recyclable materials.

Technical raw materials (recyclate)

Recyclate is generated by the sorting
and processing of plastic waste
and then used to make new,
high-quality plastic packaging.

Our Products

Our development guidelines follow Nature's example

Our development guidelines, which form the basis for our entire Green Care portfolio, follow the Cradle to Cradle® Principle. Ever since our brand was established, we have worked at optimizing our technical and biological recycling in order to make our formulas and packaging even more sustainable.

Green Care Professional – symbiosis of biology and technology:

- **Strong cleaning power**
- **Excellent price/performance ratio**
- **Safe for humans and Nature**

| Formulas

In development and production, we consistently use renewable energy technology and raw materials. We continuously reduce by-products, pollutants and residues in our formulas. We also pay attention to the biological degradability of materials and exclude raw materials with negative environmental impact in compliance with EU Ecolabel requirements.

As our formulas contain neither hazardous nor prohibited materials, they are harmless for humans and the environment.

Conventional product formulas

Green Care Professional formulas

| Packaging

In order to do without virgin plastic made from crude oil and to conserve our fossil resources, we rely on recyclate from the Yellow Bag. We refrain from using PS (polystyrene) and PVC for our packaging components.

The recyclate share in our bottles is 100 % and our bottles are completely recyclable. After their disposal, they can be returned safely to the material cycle.

HDPE bottles

PET bottles

In the long term we will use 100% recyclate from the Yellow Bag for our PET bottles. Until a complete switch is possible, we supplement the material with recyclate obtained from deposit bottles.

Our development guideline

Safe and fair for humans and the environment

The Green Care Professional development guidelines contribute to achieving several Sustainable Development Goals (SDGs) and support the European Green Deal.

Material health & ecology

With the Type 1 Ecolabel, Green Care Professional can verify that the exclusion of toxic ingredients makes its formulations harmless to human life and the environment. Only harmless fragrances and dyes are used in accordance with Ecolabel criteria. Animal-origin ingredients, PFAS and synthetic polymers to avoid microplastic are excluded from Green Care Professional formulations. The packaging does without phosphates and PVC. Our use of renewable energies, in-house production of electricity from wind and solar power and sustainable production in accordance with ISO 14001 and 50001 at our EMAS-certified European sites with in-house water treatment facilities distinguish us as sustainability pioneers.

Circularity

Formulation

Origin: We use renewable plant-based raw materials instead of fossil sources and regenerative, degradable solvents with low limits. We promote the use of surfactants of European origin to support native species diversity.

Remaining: The goal is the reduction of by-products, contamination and residue, plus rapid, high biological degradability of organic materials.

Packaging

Origin: Avoidance of fossil resources through the use of Post-Consumer Recyclate from household waste collections like the Yellow Bag in bottles and caps.

Remaining: Design for Recycling of packaging to allow mechanical recycling without loss of quality (upcycling).

Social fairness

Our suppliers' code of conduct for the entire value chain ensures integrity, honesty, respect for human dignity and responsible handling of our resources. Production takes place in Germany and Austria. We assume responsibility for our customers through the full declaration of all our ingredients and our own customer training in the safe and proper handling of cleaning agents.

Economy

Sustainable procurement with Green Care Professional is economical, thanks to low cost per use. Our products are less expensive than conventional cleaning agents although they are sustainable. The recyclable packaging saves money on disposal. Intelligent, efficient dosing technology and ultra-concentrated formulations increase our customers' economic efficiency. The broad range of CLP-free products also reduces personnel training expenses.

Performance

The combination of top cleaning performance and sustainability does not require doing without anything found in conventional cleaning agents. Within the scope of Ecolabel certification, performance has been verified by marketing testing or performance checks by external testing institutions. Our intelligent dosing systems strengthen the efficient use of our cleaning products.

Outstanding Work for the Environment

Certificates: Proof of our progress

Our Green Care Professional portfolio offers a broad assortment of certified products. For all areas of application we have products that have earned at least one certification. This fact distinguishes us from other manufacturers and makes clear that genuine sustainability has to be practiced in the entire company if it is to be credible. We are a pioneer in the industry with the most Cradle to Cradle® certified products and are proud that we have proof of the recyclability of our formulas and our packaging.

At our production sites in Mainz and Hallein, we implement the highest quality and environmental standards and see them reflected in our certifications.

Emissions	
Value chain	
Social fairness & Ethics	
Water & Soil	

In-house water treatment and production of electricity using wind and solar power

You'll find more information about the individual sustainability labels on our website www.green-care-professional.com in the "About the Brand" drop-down menu under "Certifications".

Optimize Ecological Performance

Measure your sustainability progress with the Performance Calculator

Companies are paying more attention to their ecological footprint these days. Our Performance Calculator shows you how you can optimize your footprint with Green Care Professional.

Benefits for every area of application
Our Performance Calculator reports the potential reduction in your environmental impact in every application area. Use the results in bids, offers and as credible, positive PR for sustainability reports.

Your added value with Green Care Professional.

Less carbon dioxide (CO₂)

Less plastic

Less crude oil

Our Sustainability Promise:
"We confirm that the savings in crude oil and carbon emissions determined by the Performance Calculator were correctly calculated for both the packaging components and the detergent formulations of all Green Care Professional products."

Intechnica Cert GmbH

Test our free Performance Calculator!

Commitment leads to Change

Acting out of conviction

“Together we are strong” – if we pursue our goals as one, we achieve more. That's why we work in many instances with initiatives, companies and cooperation partners who pursue the same goals as ours.

We all want to protect our environment, promote sustainable production and advance the circular economy in society.

Our Success: The Recyclate Initiative

Microplastic in the oceans is a devastating consequence of the way we handle the flood of waste. The United Nations Environment Programme, the World Economic Forum and international bodies like the Ellen MacArthur Foundation see the solution to the problem in a closed circular economy for plastic. We do too! The Recyclate Initiative is an important step toward this goal.

Our Success: World record

More than 1 billion PET bottles made of recyclate have been put into circulation by the Werner & Mertz Group. (June 2025)

wir-fuer-recyclat.de

THANK YOU

One billion

Bottles made from 100% recycled plastic. We have achieved this world record together.

SANET Basic and Deep Sanitary Cleaners

SANET extreme

High performance sanitary cleaner and descaler

Supreme lime dissolving | Extremely fast | Natural easy to clean effect

With outstanding properties, SANET extreme sets new standards as a powerful and sustainable sanitary cleaner. The best values for lime dissolving and the fastest lime soap removal characterize the performance profile as well as the reliable removal of typical sanitary soiling. Gentle on materials. Natural easy to clean effect.

716544 – 1 | BOTTLE | 716636 – 5 | CANISTER

SANET perfect

Sanitary cleaner and descaler

Outstanding performance | Special acid-surfactant combination | Cost-efficient

SANET perfect is a highly-effective, ecological cleaner and descaling agent for sanitary areas. With its special combination of acids and surfactants, SANET perfect effectively and gently removes limescale, grease, soap scum with its first use and thus proves its economic efficiency. Low foaming action; suitable for use with floor scrubbers.

712482 – 1 | BOTTLE | 712483 – 5 | CANISTER

SANET perfect F

Sanitary cleaner & descaler

No fragrance or dye | User safety | Outstanding performance

Powerful performance, user safety, low impact on indoor air quality. Effective, ecological sanitary area cleaner and descaler without dye or perfume. With a special acid and surfactant formula, SANET perfect F effectively and gently removes limescale, grease and soap scum with the first application and thus increases economic efficiency too. Because the descaler contains no dye or perfume, it is ideal for use in commercial kitchens.

714136 – 1 | BOTTLE

SANET intenseKLIKS

High-concentrated sanitary cleaner

Outstanding performance | Saving packaging waste | Safe use

Highly performing cleaner and descaler. Special formulation for best cleaning results at the first application. Kliks is a closed dosing system with sustainable packaging and high-performance products. Kliks stands for controlled dosing and efficiency, reduced space requirements during use and maximum user safety. Plastic packaging too is significantly reduced (up to 90%).

715314 – 2 | POUCH

SANET BR 75

Swimming pool and sanitary cleaner

Deep cleaner | Concentrated | Viscous

Removes even thick, hardened limescale deposits, crusty urine scale, rust and cement residue. Causes no corrosion damage to well-maintained chrome fixtures. Can be used on acid-resistant materials in all swimming pools, toilets, shower and bathrooms. RKI-listed.

712920 – 1 | BOTTLE | 712922 – 5 | CANISTER

SANET star

High Performance Sanitary Cleaner and Descaler

Fast | Outstanding performance | Extra fresh scent

Thanks to its special formula, SANET star achieves excellent performance, particularly in the removal of limescale deposits, and in the elimination of all other dirt and grime typically found in sanitary areas. SANET star is economical, time-saving and material compatible. The clean, fresh scent lingers.

712927 – 1 | BOTTLE | 401699 – 10 | CANISTER

SANET tasonil

Sanitary deep and maintenance cleaner

Outstanding performance | Exclusive scent | Viscous

High-performance sanitary cleaner for all acid-resistant surfaces in bathrooms and sanitary areas. Easily dissolves urine scale and limescale deposits. The viscosity of SANET tasonil ensures effective and complete removal of all dirt and grime, including from vertical surfaces.

713121 – 1 | BOTTLE | 406153 – 10 | CANISTER

SANET tasanit

Sanitary deep and maintenance cleaner

Powerful | Material friendly | No dyes

Suitable for daily maintenance and deep cleaning. Quickly and easily removes all soiling typically found in sanitary areas. Ensures freshness and high Hygiene standards. Even with a powerful formula, it is gentle to materials. Long-lasting fresh scent. Can be used on all acid-resistant surfaces in sanitary areas.

713118 – 1 | BOTTLE | 404643 – 10 | CANISTER

APESIN san

Liquid disinfecting cleaner for sanitary areas

Effective against bacteria and viruses (full spectrum) | Works quickly | Listed by German IHO / VAH

Cleans and disinfects in one step. Fulfills the latest Hygiene requirements and complies with the EU Biocidal Product Regulation. Quickly and easily dissolves mineral soiling like limescale, soap scum and rust and organic soiling such as greasy and proteinaeous deposits. Suitable for deep cleaning and maintenance of sanitary facilities and swimming pools. Can be used on Plexiglas® and acrylic glass. Use biocidal products with caution. Always read the label and product information before use.

714935 – 1 | BOTTLE | **714818** – 5 | CANISTER

This product may not be available in certain countries.

APESIN san Kliks

Liquid disinfecting cleaner for sanitary areas

Versatile | Effective against viruses (full spectrum) | Listed by German IHO and VAH

Disinfecting sanitary cleaner in the Kliks system. Kliks is a closed dosing system with sustainable packaging and high-performance products. Kliks stands for controlled dosing and efficiency, low space requirements during use, and maximum user safety. Furthermore, plastic waste is significantly reduced (up to 90%). Use biocidal products with caution. Always read the label and product information before use.

715258 – 2 | POUCH

This product may not be available in certain countries.

PRORAX

High performance drain cleaner

Powerful | Removes bad odors | Prevents blockages

PRORAX powerfully removes stubborn clogs in all conventional drains, e.g., in kitchens or sanitary areas. With its high performance formula, PRORAX works quickly and dissolves even greasy clogs and hair within only five minutes. Simple to use, thanks to the dosage marking on the side of the bottle.

715500 – 1 | BOTTLE

*pH-value at 1%

SANET spray

The unique all-rounder for sanitary surfaces

- High-performing ready-to-use cleaner for the removal of all common soilings in the sanitary areas
- Ideally suitable for wash basins, fittings, ceramics, acrylic glass/PLEXIGLAS[®] and brass tapware
- Bottle made of 100 % recycled plastic

EU Ecolabel:

SANET

Sanitary Cleaners in Quick & Easy system, Ready-to-use cleaners

SANET power QUICK&EASY
Sanitary power cleaner

High performing | Effective against limescale | Fast-acting

In the portable Quick & Easy dosing system. For powerful cleaning of all acid-resistant surfaces in sanitary areas. Thanks to its special acid combination, highly effective at removing limescale buildup. Efficient and cost-saving. Stable, compact foam. Adheres well to surfaces.

716327 – 325 ml CARTRIDGE

SANET daily QUICK&EASY
Sanitary maintenance cleaner

Powerful | Effective against soap scum | Pleasant fragrance

In the portable Quick & Easy dosing system. For daily cleaning of sanitary areas. Efficient and cost-saving. With no CLP-classified hazardous ingredients, the product ensures maximum user safety. Stable, compact foam. Adheres well to surfaces. Pleasant scent.

713601 – 325 ml CARTRIDGE

SANET daily F QUICK&EASY
Sanitary maintenance cleaner

No fragrance or dye | Daily cleaning | Effective

Sanitary maintenance cleaner without dye or perfume for daily cleaning of sanitary areas. Efficient and cost-saving in portable Quick & Easy dosing system. No CLP-classified hazardous substances ensures maximum user safety. The stable, compact foam adheres well to surfaces.

714480 – 325 ml CARTRIDGE

SANET spray
Ready-to-use sanitary maintenance cleaner

Refreshing scent | Versatile | Material friendly

SANET spray is a ready-to-use cleaner for the removal of all normal soiling in sanitary areas such as limescale, soap scum, greasy grime and cosmetic product residues. With an intense and refreshing fragrance that lasts a long time.

715486 – 750 ml SPRAY BOTTLE

SANET lavosan

Ready-to-use neutral sanitary maintenance cleaner

Ready-to-use | Highest material compatibility | Acid-free

Neutral, ready-to-use sanitary maintenance cleaner without acid, particularly for use on sensitive surfaces.

713467 – 750 ml SPRAY BOTTLE

Toilet Cleaners

WC lemon

Toilet bowl cleaner lemon

Adheres well to surface | Citric acid strength | Safe use

WC lemon is an acidic toilet bowl cleaner that effectively uses the natural strength of citric acid. High viscosity formula delivers outstanding cleaning performance. Effectively removes common soiling from urinals and toilet bowls. Special bottle with angled spout guarantees fast, targeted, simple and safe application.

712510 – 750 ml ANGLED NECK BOTTLE

WC mint

Toilet bowl cleaner mint

Viscous | Easy-to-use | Safe use

WC mint is an acidic toilet bowl cleaner that uses the natural strength of citric acid. Effectively removes all normal soiling in urinals and toilet bowls. Leaves behind a lasting and fresh scent of mint. The special angled spout ensures fast, targeted, simple and same application.

713789 – 750 ml ANGLED NECK BOTTLE

WC liquid

Toilet bowl cleaner with ocean-fresh fragrance

Safe application | Easy-to-use | Viscous

Eliminates all deposits and soiling in toilet bowls and urinals. Prevents unpleasant odors from developing. Works on hard-to-reach places too. For us in all toilets, urinals and bidets. Special angled spout guarantees fast, targeted, simple and safe use.

715810 – 750 ml ANGLED NECK BOTTLE

WC daily F

Toilet cleaner

Viscous consistency | Easy-to-use | No fragrance and dye

WC daily F is an acid toilet bowl cleaner that uses the power of natural citric acid. The high viscosity cleaner effectively removes all normal residue and discoloration from urinals and toilet bowls. The special bottle with angled spout guarantees fast, targeted, simple and safe application.

714135 – 750 ml ANGLED NECK BOTTLE

WC gel

Toilet bowl descaler

Strong descaler | Removes all incrustations

WC gel is a fast and powerful descaler which leaves behind the scent of menthol. Highly viscous, the WC gel with improved contact time easily dissolves limescale buildup and hardened grime. It is not harmful to septic tanks. The bottle with the angled spout ensures fast, targeted, simple and safe application.

LONGLIFE

Emulsions and Primers

LONGLIFE complete

Ultra-performance floor polish

Completely economical | Completely safe | Completely flexible

High-performance dispersion system with outstanding features. Extremely resistant and durable, thanks to specially developed combination of high-performance polymers. Highly resistant to alcohol and disinfectants. Environmentally compatible formula awarded the Austrian environmental seal. User-friendly; works best in system with LINAX complete. Tested slip resistance in conformance with DIN 18032-2.

712513 – 5 L CANISTER

LONGLIFE matt

High-performance matt floor polish

Resistant | Matte appearance | Increased safety

Provides alcohol and surface disinfectant resistance with a matte look for ideal floor care in healthcare facilities. Resilient, highly elastic protective film that adheres well to all types of flooring, including damp linoleum. Slip resistance tested against DIN 18032-2 criteria. Certified with Austrian environmental seal.

714289 – 5 L CANISTER

LONGLIFE polish

High-gloss floor polish

All-purpose | Safe use | Cost-efficient

Universal use of floor care dispersion without eco-toxic ingredients such as metal salt (zinc), TBEP, fluorosurfactants and fragrances. Adheres well to surfaces, polishes and restores protective film. LONGLIFE polish is a safe and durable floor polish. Tested slip resistance as per DIN 18032-2. Works best in the system with LINAX stripper. Certified with Austrian environmental seal.

712514 – 5 L CANISTER

LONGLIFE hospital

Disinfectant – resistant emulsion polish

Disinfectant-resistant | Long-lasting | Easy Application

Dispersion with good resistance to alcohol-free disinfectants. Can be applied easily and quickly. Good leveling and low dirt absorption. Suitable for use on all waterproof floor coverings. Ideal for hospitals, healthcare facilities or nursing homes and wherever APESIN is used for cleaning. Certified with Austrian environmental seal.

716038 – 5 L CANISTER

LONGLIFE diamond

Long-lasting, high gloss emulsion polish

Good wear resistance | High gloss | Easy use

LONGLIFE diamond lays down a very glossy, smear-resistant and anti-slip protective film with excellent resistance to heel marks, tracks and soiling. Outstanding flow. High leveling capacity on absorbent flooring coverings. Especially economical; very little product is needed for one application.

716060 – 5 l CANISTER

LONGLIFE stone

Long-lasting, high gloss emulsion polish

Slip resistant | High wearing | For natural and artificial floorings

The contained powerful care components guarantee best slip resistance even under strong traffic. Thanks to the high resistance of the time and cost saving formulation, the stone floor is protected against heavy soiling and heel marks. Free of dangerous ingredients such as zinc, TBEP, perfume, and fluorinated levelling.

716062 – 5 l CANISTER

LONGLIFE conductan

Emulsion polish for conductive floors

For conductive or dissipative floors | Disinfectant-resistant | Durable

Special dispersion for coating conductive and static dissipative floors. Leads to no insulating effect, but instead maintains the electrostatic leakage resistance inherent in the floor and gained through its installation. Developed in cooperation with well-known floor manufacturers. Care recommendations for specific flooring available upon request.

402207 – 10 l CANISTER

LONGLIFE primer

Permanent primer

Excellent filling power | Improves adhesion | Prevents clouding

Long-lasting pore filler. With high resistance to water and detergents. Protective film is preserved even through deep cleaning. Can be used on all porous and absorbent floor coverings except for rubber.

713366 – 5 l CANISTER

LONGLIFE B 250

Multipurpose emulsion polish

Protection | Care | Cleaning

The active cleaning ingredients in the special dispersion with a 3-in-1 function clean, maintain and protect floors in one use and put down an anti-slip, durable, slightly shiny protective film. Worn traffic patterns can be corrected easily. Suitable for use on all waterproof flooring, especially where slip resistance is required. Excellent for maintenance mopping

713460 – 5 l CANISTER

LONGLIFE optima

Extremely long-lasting emulsion polish

Very long-lasting | Attractive look

Long-lasting emulsion polish for an attractive appearance. LONGLIFE optima satisfies demanding requirements for the coating of rigid or flexible floors (e.g., PVC). The exceptionally durable polish maximizes the useful life and thus saves money. The results impress with anti-slip and sound-absorbing properties.

713367 – 5 L CANISTER

Wood Care

TIMBER lamitan

Impregnating cleaner for laminate and wooden floors

Waterproofing | Protective | Safe

Highly effective concentrated cleaner for waterproofing and maintenance cleaning of all water-sensitive floors such as wood, laminate and cork. Leaves behind an invisible protective film that does not affect the natural look of the floor and reduces re-soiling.

713338 – 1 L BOTTLE | 713339 – 5 L CANISTER

TIMBER natura

Impregnating care product for wooden floors

Waterproofing | Protective | Restores oiled floors

Used where an oil is usually applied to refresh and maintain oiled wood floors. Applied to a deep-cleaned floor, it emphasizes the natural character of the wood and restores the floor's high-quality fresh and natural appearance. Easily applied with a mop.

713344 – 5 L CANISTER

LINAX/QUICKSTRIP

Floor Strippers

LINAX complete

Ultra-performance floor stripper

Extremely powerful | Fast-acting | No rinsing

Removes all types of polymer films. Ideally used in the system with LONGLIFE complete. Effectively removes stubborn floor polish films, including on over-treated floors. Can also be used on alkali-sensitive floors. Saves time and resources because rinsing and neutralizing are not required. Certified with Austrian environmental seal.

712655 – 5 l CANISTER

LINAX stripper

Universal floor stripper

All-purpose | Safe use | Cost-efficient

Universal cleaner with exceptional environmental characteristics. Safe use, suitable on all alkali-sensitive floor coverings. Ideal when used in system with LONGLIFE polish; easily removes multiple layers of LONGLIFE polish polymer coatings. LINAX stripper works without eco-toxic ingredients (phosphates, EDTA, NATA, fragrances, dyes) and therefore has a low impact on indoor air quality. Certified with Austrian environmental seal.

712515 – 5 l CANISTER

LINAX extreme

High performance universal floor stripper

For stubborn polymer layers | Fast-acting | Good material compatibility

Highly effective universal deep cleaner based on special solvents, even for hard-to-remove polymer layers. Extremely brief contact time. No rinsing required, simply mop up the product. Suitable for use on all waterproof floors.

716328 – 5 l CANISTER

LINAX plus

Universal stripper

Powerful | Versatile | Easy use

Reliably removes old, worn wax and polymer films. For universal use on all water-resistance floors in public buildings and industrial settings. Can be disposed of via a light liquid separator. No unpleasant odors during and after use. Also suitable for sensitive flooring such as linoleum and rubber.

716330 – 10 l CANISTER

QUICKSTRIP alka

Extra strong stripper for alkaline-resistant floor

High performance | Good degreasing | Suitable for oil water separator

Alkaline cleaner with sodium hydroxide base. Strong re-emulsifying. Highly effective even by removal of multi-layered protective films. Low foaming. Can be used on all alkali-resistant surfaces. Especially for deep cleaning of epoxy resin coatings. Ideal in metal-processing operations, removal of forklift abrasions. Can be used in floor scrubbers. Fast separating action in oil water separator.

404743 – 10 l CANISTER

QUICKSTRIP turbo

High effective stripper for alkaline-resistant floors

Extremely powerful | Time and money-saving | Works quickly

The high-performance general cleaner quickly and completely removes floor care product residue and crusty soiling. No unpleasant odors; a small amount of product goes a long way. Can be used on all alkali-resistant floorings.

712807 – 5 l CANISTER

FOAM-EX

Defoamer

For dirty water tanks | Anti-foaming | Varied uses

Prevents foam formation or destroys existing foam in the dirty water tank of extraction devices, water vacuums, floor scrubbers. Extremely economical use. Can be used to eliminate foam formation in the washing machine

713891 – 5 l CANISTER

Carpet Cleaner

TUBA spray-ex

Cleaner for spray extraction

Powerful | Low-foaming | Material friendly

Dissolves, emulsifies and removes even stubborn stains from carpeting. Low foaming action. Contains no optical brighteners. Can be used with spray extraction method on all moisture-resistant textiles of natural and synthetic fibers

404772 – 10 l CANISTER

Carpet Cleaners

TUBA shampoo

Carpet cleaner

Protects fibers | Revives colors | Impressive performance

Carpet shampooing provides thorough, deep cleaning of fibers. Refreshes carpet colors. Delays re-soiling. Pleasant, fresh scent. Can be used on all shampooable textile floor coverings of natural and synthetic fibers. Suitable for use with all shampooing machines.

404770 – 10 l CANISTER

TUBA universal

Cleaner for shampooing and spray extraction

Deep cleaning of fibers | Refreshes colors

Carpet cleaner for use with shampooing and spray extraction devices and floor pads. Very good dirt and grease-dissolving properties. Neutral pH in cleaning solution. Contains no optical brighteners or bleaching agents. Suitable for all natural and synthetic fibers. High material compatibility.

403279 – 10 l CANISTER

TUBA spot

Universal stain remover

Universal usage | Fast & simple | Material friendly

The time and money-saving spot remover quickly and effortlessly removes all solvent-soluble and water-soluble stains from carpets, upholstery, and natural and synthetic fabrics.

712757 – 750 ml SPRAY BOTTLE

TANEX

All-purpose and Deep Cleaners

TANEX allround

4 in 1 power cleaner

Versatile | Excellent wetting properties | Powerful

TANEX allround is a high-wetting and slightly alkaline all-purpose deep cleaner for cleaning all waterproof floors and surfaces. The reliable 4-in-1 multi-talent works on heavily soiled surfaces as a maintenance or deep cleaner, final cleaner prior to hand-over or top stripper. Suitable for use with floor scrubbers.

713327 – 1 l BOTTLE | 713328 – 5 l CANISTER

TANEX AZ 70

All purpose cleaner

Degreasing | All-purpose use | Ammonia-enriched

All-purpose cleaner with outstanding emulsifying action on oil and grease. Pleasantly scented. Ideal for use on doors, glass and synthetic surfaces, ceramic tiles, varnished wood and metal furniture, etc.

712873 – 1 l BOTTLE* | 7128971 – 5 l CANISTER | 403961 – 10 l CANISTER

TANEX cement-ex

Cement film remover

Thorough cleaning before hand-over | High-performance | Safe

Cement dust remover for acid-proof natural stone and stoneware. Deep cleaner for economical final cleaning prior to handover. Removes limescale residue and grout scrap that come from the laying of acid-proof stone flooring.

708722 – 10 l CANISTER

TANEX vivaceram

Powerful alkaline cleaner for ceramic tiles

Powerful | Alkaline | Fast-acting

Powerful alkaline cleaner specially developed for use on fine stoneware and ceramic tiles and other alkali-resistant surfaces. The product quickly penetrates the micropores in fine stoneware and removes even deep, stubborn soiling. With its good emulsifying properties, it eliminates even troublesome stains, stubborn crusting and greasy grime. As of 2Q 2022, available in a 1-L bottle.

716075 - 1 l BOTTLE | 713855 – 5 l CANISTER
*pH-value at 1%

TANEX industry

Industrial floor cleaner

Powerful | Safe use | Material friendly

Powerful cleaner removes stubborn stains, oil, grease and rubber abrasion marks. Even when the product is in use for a long time, no unpleasant smells develop. Slightly foamy, surfaces are not made slick. Safe and simple use. Reduced re-soiling. Material-friendly without use of aggressive chemicals. Gentle care of sensitive metal parts, varnish and plastic.

403366 – 10 l CANISTER

TANEX primus

Intensive cleaner for construction clean-up

Alkaline deep cleaner | High performance | Pleasant scent

Powerful degreaser and cleaner for all types of dirt and grime encountered during final Building Care before handover. TANEX primus also can be used as an intense general cleaner for removal of stubborn dirt. TANEX primus has a pleasant fragrance that lingers after use.

404747 – 10 l CANISTER

TANEX trophy

Powerful cleaner for sports floorings

Powerful | Removes stains | Low foam

TANEX trophy is a specially formulated powerful detergent for the removal of specific stains on alkaline-resistant surfaces in gyms. It quickly and effectively removes resin residue and black marks. TANEX trophy preserves the shine and slip-resistant properties of sport flooring. Thanks to low foam formation, this product can be used in automatic floor scrubbers. It also can be sprayed directly on persistent stains. Leaves a pleasant minty scent.

712734 – 5 l CANISTER

Deep cleaners in Quick & Easy system, Ready-to-use deep cleaners

10

TANEX performa QUICK&EASY

Power cleaner

Powerful | Low residue | Economical

Part of the Quick & Easy portable dosing system, TANEX performa Quick&Easy combines outstanding performance with minimum effort and low usage costs. With no CLP-classified hazardous ingredients, the product ensures maximum user safety. Works quickly to remove stubborn stains of many different types. Low residue formation. Maintains the original appearance of the surface. Leaves behind a pleasant scent.

713672 – 325 ml CARTRIDGE

11

TANEX power

Ready-to-use power and plastic cleaner

Powerful | Efficient & economical | Varied uses

Ready-to-use power cleaner for synthetic surfaces with an excellent stain remover for many types of stubborn stains such as ink from inkpads or ballpoint pens and text markers, fingerprints, nicotine and cosmetics. Highly efficient, quick use.

715930 – 750 ml SPRAY BOTTLE | 715931 – 5 l CANISTER

CREAM lemon

Scouring cream

Powerful cleaning | Material friendly | Surfactants made of up to 75% European rapeseed oil

Ecological scouring cream with lemon scent for a variety of surfaces, including those in sanitary areas. Powerful cleaning with optimized very fine marble dust. Quickly removes stubborn residues and hardened limescale deposits without scratching the surface.

715799 – 500 ml BOTTLE

NOWA FLA 710 S

All purpose industrial cleaner

Versatile degreaser | Material friendly | Separates quickly

Degreaser can be used on all tool parts, power units and mechanical devices. Especially well suited for production systems in the food processing industry. Works well in automatic cleaning units. Easily removes soiling such as grease, oils, resin and burned on residue. Quickly separates in oil water separator.

1505782 – 10 l CANISTER

NOWA tanin

Fat and oil remover

**Effective removal of proteinaceous and greasy residue | Eliminates incrustation
Ideal for commercial kitchens**

Quickly and easily removes mineral, vegetable and animal oil and grease. Can be used on all alkali- and water-resistant floors and home furnishings. Effortlessly eliminates even stubborn oil and grease residues, soot, tar and metal and rubber abrasions. Low-foaming feature and neutral scent make trouble-free use possible on a variety of devices and machines. Separates quickly in an oil water separator.

712884 – 5 l CANISTER | 403973 – 10 l CANISTER

CALC free

Highly efficient descaler

High performing | Varied usage | Fast-acting

The low-foaming descaler developed for the kitchen effortlessly removes limescale deposits from all surfaces. Thanks to its outstanding performance, CALC free saves time and money. No corrosion with proper use. For all acid-resistant materials.

ENERGY

ENERGY proKLIKS

High performance dishwashing detergent for soft and osmosis water

Powerful cleaning | Soft and osmosis water | Excellent stain removal

ENERGY proKliks offers maximum safe and hygienic use and saves storage space. Innovative system, consisting of amino acid-based and biodegradable chelating agents as an alternative to phosphates, NTA or EDTA. Protects from limescale buildup and boosts detergents with removal of grease and stains in soft and osmosis water. For use in the Kliks-System.

714264 – 5 l BAG IN BOX

AT/038/005

ENERGY topKLIKS

High performance dishwashing detergent for medium and hard water types

Powerful cleaning | Medium-hard to hard water | Excellent stain removal

The high alkalinity of ENERGY topKliks guarantees top washing performance in the removal of grease and stains. ENERGY topKliks is ideal under difficult water conditions. The completely biodegradable chelating agents based on amino acids prevent limescale deposits. For use in the Kliks-System.

714265 – 5 l BAG IN BOX

AT/038/005

ENERGY turboKLIKS

High alkaline detergent for professional dishwashers

3-in-1 use | Highly concentrated | Outstanding cleaning

ENERGY turboKliks is a highly concentrated, innovative dishwasher detergent without EDTA, NTA and phosphates. It removes even the most stubborn food residue containing starch, protein and grease, and consistently achieves good cleaning results. 3-in-1 use: pre-cleaner, detergent, detergent booster. For use in the Kliks-System.

715483 – 5 l BAG IN BOX

AT/038/005

ENERGY alu

Metal safe dishwashing detergent

Material compatibility | Works in soft / medium- hard water | Highly concentrated

Dishwasher detergent for sensitive items made of aluminum, silver, lightweight or non-ferrous metal or plastic. Suitable for use in dishwashers and or immersion cleaning. Innovative chelating agent system based on renewable raw materials. Product contains no NTA, EDTA, phosphates or chlorine.

701589 – 10 l CANISTER

DK 5080-0092

ENERGY perfect

High-performing dishwashing detergent

Degreasing power | Ideal for soft / medium- hard water | Ecological

ENERGY perfect is a powerful liquid dishwashing detergent for commercial dishwashers with innovative, sustainably developed chelating agents; contains no NTA, EDTA or phosphates. Effectively removes greasy residue and other normal soiling from dishes. Low dosing possible with highly concentrated formula.

712615 – 5 l CANISTER* | **712700** – 15 l CANISTER

ENERGY turbo

High alkaline detergent for professional dishwashers

3-in-1 use | Highly concentrated | Outstanding performance

ENERGY turbo is a highly concentrated, innovative dishwasher detergent without EDTA, NTA and phosphates. It removes even the most stubborn food residue containing starch, protein and grease, and consistently achieves good cleaning results. 3-in-1 use: detergent, detergent booster and immersion cleaner. Efficient and fast-acting, time and money-saving.

715514 – 10 l CANISTER

ENERGY ultra

Hard water detergent for dishwashers

High performance | Concentrated | For hard water

ENERGY ultra is a high-performance detergent for commercial dishwashers that works well in hard water and under difficult conditions. Highly concentrated, it functions at low dosages and guarantees economic efficiency. Powerful deep cleaning of dishes, glasses, cutlery and cookware.

715940 – 10 l CANISTER | **715941** – 15 l CANISTER

ENERGY uni

Detergent for professional dishwashers for medium-hard water

Ecolabel certified | Concentrated | For medium-hard water

ENERGY uni is a detergent for professional dishwashers with excellent cleaning performance, especially in soft to medium-hard water and due to an innovative complexing system free of NTA, EDTA and phosphates. Saves time and money. Enables a gentle washing process and extends machines life span due to its special lime deposits preventing formula.

715968 – 10 l CANISTER

ENERGY bar

Detergent for small dishwashers

High performance | Easy dosing | For any water hardness

High performance cleaner for glasswashers. Highly efficient even in hard water. Saves time and money with user-friendly bottle with easy dosing system. Developed especially for glassware. ENERGY bar achieves good results with alkali-resistant dishes and cutlery

712751 – 2 l DOSING BOTTLE

ENERGY unichlor

Chlorinated detergent for professional dishwashers

High performance | Good stain removal | For medium-hard water

High performance cleaner for soft to medium-hard water. Powerful cleaning removes colored stains (e.g., coffee, tea) with chlorine-containing active ingredients. Perfect degreasing. Eliminates and prevents starch buildup. Gentle to materials. No foam development. For alkali-resistant dishes and cutlery.

713261 – 10 l CANISTER | 713266 – 20 l CANISTER

ENERGY softchlor

Chlorinated detergent for professional dishwashers

High performance | Stain remover | For use in soft water

High-performing powerful cleaner for soft water. Removes dark stains (like coffee, tea) with active ingredients that contain chlorine. Ideal grease dissolver. Gentle to materials, no bothersome foam development. For alkali-resistant dishes and cutlery.

713293 – 17 l CANISTER

ENERGY classic

Detergent for professional dishwashers

Economic | Soft water | Medium-hard water

Rinse aid for professional dishwashers reduces the drying time so dishes and cutlery are quickly ready for use again. With its acidic ingredients, BRILLANT classic neutralizes alkaline residue of the rinse water and delivers uniform cleaning results. BRILLANT classic is suitable for soft and medium-hard water and recommended for use with the detergent ENERGY classic.

Rinse aid for soft water

Low dosage | Less foaming | Especially for soft water

The rinse aid for soft water with a combination of surfactants and alcohol reduces the drying time and leaves dishes and cutlery shiny. BRILLANT soft prevents limescale buildup on utensils and neutralizes alkaline residue on the dishes to achieve uniform results. Best suited for soft and softened water.

712682 – 5 l CANISTER

BRILLANT osmosis

Rinse aid for osmosis water

Low dosage | Less foaming | Special for osmosis water

Reduces drying time and leaves shining dishes and cutleries through its combination of surfactants and alcohol. Best suitable for osmosis water. No polishing or extra drying is necessary.

713871 – 10 l CANISTER

ENERGY

ENERGY easytabs

4 in 1 Tabs for Dishwashers

Multiple functions | Fully water-soluble wrapper | Good material compatibility

Combines four important functions in one tablet. Cleans: Removes stains and grease and makes your dishes CLEAN. Rinses: Accelerates drying time, prevents limescale deposits, and makes dishes shine. Regenerates: Prevents the formation of white residue to keep dishes looking good. Protects: Protects your dishes and prolongs their service life. Contains no phosphates or fragrances.

715844 – 5 X 85 TABS

ENERGY powderclassic

Powder for professional dishwashers

Economical | Efficient | For any water hardness

ENERGY powderclassic achieves perfect cleaning results in all water hardness levels. Easy to dose with the accompanying scoop. Removes all types of stains, especially colored stains.

716122 – 10 kg BUCKET

*pH value at 10 g/l

ENERGY ultrapilot

Powder cartridge for professional dishwashers

Safe & simple | Highly effective | For hard water

Highly effective powdered cleaner in a cartridge that achieves outstanding results, even under difficult conditions. Saves time and money, thanks to its anti-corrosion and anti-foam system and extends the lifespan of cutlery and dishes. Removes all kinds of stains and delivers a consistently good result with its chlorine-based bleaching agent.

712809 – 4,5 kg CARTRIDGE

*pH value at 10 g/l

ENERGY unipilot

Powder cartridge for professional dishwashers

Safe & easy | For soft/medium water | Highly effective

ENERGY unipilot obtains uniform results with no need for further treatment through chlorinated based bleaching agents responsible for the removal of coffee or tea stains. Saves costs and time thanks to its anti-corrosion and anti-foam systems. Phosphate-reduced and safe, easy to handle due to its closed and compact cartridge system.

712812 – 4,5 kg CARTRIDGE

*pH value at 10 g/l

ENERGY dishtabs

Tabs for single-tank professional dishwashers

High performance | Easy dosing | Multi-cycles

Tablets for single tank professional dishwashers achieve perfect results, thanks to a formula rich in active ingredients and chlorine agents. ENERGY dishtabs come in a 4.8-kilogram container for up to 870 washes. No special dosing equipment is required for ENERGY dishtabs.

715435 – 4,8 kg BUCKET

*pH value at 10 g/l

CREAM cleaner

Scouring Cream

DE/020/381

Powerful cleaning | Material friendly | Surfactants made of up to 75% European rapeseed oil

Ecological scouring cream with lemon scent for a variety of surfaces, including those in sanitary areas. Powerful cleaning with optimized very fine marble dust. Quickly removes stubborn residues and hardened limescale deposits without scratching the surface.

715777 – 500 ml BOTTLE

CREAM lemon

Scouring Cream

DE/020/381

Powerful cleaning | Material friendly | Surfactants made of up to 75% European rapeseed oil

Ecological scouring cream with lemon scent for a variety of surfaces, including those in sanitary areas. Powerful cleaning with optimized very fine marble dust. Quickly removes stubborn residues and hardened limescale deposits without scratching the surface.

715799 – 500 ml BOTTLE

INOXOL protect

Protection spray for stainless steel

2 in 1 | For metal surfaces | Anti-finger-print

Protection spray for stainless steel restores the shine to brushed stainless steel and removes the grime (water stains, fingerprints, dust) that tarnishes stainless steel. Its hydrophobic film repels water splashes.

714055 – 450 ml SPRAY BOTTLE

INOXOL clean

Stainless steel cleaner

Efficient cleaning | For glossy metal surfaces | Attractive shine

Removes limescale, crusted soiling, rust deposits, greasy and oily soiling. Economical use. Highly suitable for non-rusting steel and materials of nickel, brass and copper.

713130 – 1 l BOTTLE

INOXOL complete

Care product for stainless steel

Simple use | Care & cleaning | Less re-soiling

With a paraffin oil-based formula, INOXOL complete maintains, polishes and protects metal and eloxal surfaces in one process. Quickly and easily removes fingerprints, grime, discoloration and fogging and provides a smooth and shiny look. Special care components protect the metal surfaces long term from re-soiling. Extends the lifespan of the treated surfaces.

713792 – 750 ml SPRAY BOTTLE

GRILL express

Deep cleaner for grills and traditional ovens

Deep degreaser | Good adhesion | Works on its own

Quickly and completely eliminates greasy grime and burnt and baked-on foods. Fast and easy application with pump sprayer. Highly suitable for use on convection ovens, vents, grills and all stainless steel roasting and baking equipment.

712727 – 750 ml SPRAY BOTTLE | **713329** – 5 l CANISTER

NOWA

NOWA FLA 710 S

All purpose industrial cleaner

Versatile degreaser | Material friendly | Separates quickly

Degreaser can be used on all tool parts, power units and mechanical devices. Especially well suited for production systems in the food processing industry. Works well in automatic cleaning units. Easily removes soiling such as grease, oils, resin and burned on residue. Quickly separates in oil water separator.

1505782 – 10 l CANISTER | **712888** – 15 l CANISTER

NOWA frigo

Ready-to-use cleaner for deep-freeze storage rooms

No defrosting | No need to remove frozen goods | Up to -31°C

NOWA frigo is a cleaner for concentrated use during normal operations in refrigerated warehouses. The product de-ices and removes oily and greasy grime. Defrosting and re-cooling of refrigerated contents are not required. The time-consuming and expensive temporary storage of the frozen foods is thus avoided.

713887 – 10 l CANISTER

NOWA ISR 700

Chlorine based disinfectant foaming cleaner

Stable foam | Disinfects with chlorine | For high and low pressure equipment

Industrial foam cleaner with active chlorine. For cleaning all alkali-compatible surfaces of all types in food processing operations. Develops stable foam. Outstanding suitability for use with high and low pressure systems. Listed in German IHO list for Food Hygiene. Biocidal products are to be used with caution. Always read the label and product information carefully before use.

713323 – 20 l CANISTER | *pH value at 1%

This product may not be available in certain countries.

NOWA KRC 740

Liquid disinfectant, chemo-thermal kitchen cleaner

Removes proteinaceous and greasy grime | Disinfects with chlorine For high and low pressure equipment

Automatic box cleaner for removal of heavy soiling caused by grease and protein. Outstanding emulsifying and dirt-absorbing attributes; with active chlorine for highly effective disinfection. Can be used in high and low pressure systems to clean transport boxes, cutter trolleys and containers, knives, boots and aprons. Listed in German IHO list of disinfectants for Food Hygiene. Use biocidal products with caution. Always read the label and product information before use.

713316 – 20 l CANISTER

*pH value at 1%

This product may not be available in certain countries.

NOWA MR 750

Chlorine free high alkaline cleaner

Effective removal of proteinaceous and greasy grime | Special alkali combination | Suitable for CIP systems

With emulsifying power, effectively removes protein- grease and oil crusts. NOWA MR 750 can be used in all other areas with heavy oil and grease soiling. Even in hard water, it is suitable for automatic dishwashers. Can be used in the food processing industry.

712960 – 20 l CANISTER

*pH value at 1%

NOWA SLR 600

Industrial acid foam cleaner

For food industry | For high and low pressure equipment

Acidic surface cleaner for the food processing industry; removes grease, water stains, soap scum, incrustations, rust stains and other mineral soiling. For cleaning acid-resistant materials. Outstanding use in high and low pressure systems.

712855 – 15 l CANISTER

NOWA SR 760

Industrial alkaline foam cleaner

Effective removal of proteinaceous and greasy grime | Brief contact time | Compact foam

Industrial foam cleaner without chlorine that has excellent protein and grease-dissolving properties even with short contact times. Forms a stable, compact foam. Ideally suited for use in foam devices, low or high pressure units to clean heavily soiled alkali-compatible surfaces of all types in food processing areas.

712857 – 10 l CANISTER

*pH value at 1%

NOWA tanin

Fat and oil remover

Effective removal of proteinaceous and greasy residue | Eliminates incrustation | Ideal for commercial kitchens

Quickly and easily removes mineral, vegetable and animal oil and grease. Can be used on all alkali- and water-resistant floors and home furnishings. Effortlessly eliminates even stubborn oil and grease residues, soot, tar and metal and rubber abrasions. Low-foaming feature and neutral scent make trouble-free use possible on a variety of devices and machines. Separates quickly in an oil water separator.

403973 – 10 l CANISTER

NOWA RHE 720

Liquid smoke stain remover

High-performance | Versatile | Compact foam

NOWA RHE 720 effortlessly removes stubborn grime such as tar and resin residue, grease and proteinaceous soiling. It is suited for use in high and low pressure devices. The compact foam adheres well to vertical surfaces too for longer and more effective contact time.

712861 – 10 l CANISTER | 712860 – 20 l CANISTER

NOWA

Deep Cleaners, Grease and Oil Dissolvers

TANEX industry

Industrial floor cleaner

Powerful | Safe use | Material friendly

Powerful cleaner removes stubborn stains, oil, grease and rubber abrasion marks. Even when the product is in use for a long time, no unpleasant smells develop. Slightly foamy, surfaces are not made slick. Safe and simple use. Reduced re-soiling. Material-friendly without use of aggressive chemicals. Gentle care of sensitive metal parts, varnish and plastic.

403366 – 10 L CANISTER

NOWA FLA 710 S

All purpose industrial cleaner

Versatile degreaser | Material friendly | Separates quickly

Degreaser can be used on all tool parts, power units and mechanical devices. Especially well suited for production systems in the food processing industry. Works well in automatic cleaning units. Easily removes soiling such as grease, oils, resin and burned on residue. Quickly separates in oil water separator.

1505782 – 10 L CANISTER

QUICKSTRIP alka

Extra strong stripper for alkaline-resistant floor

High performance | Good degreasing | Suitable for oil water separator

Alkaline cleaner with sodium hydroxide base. Strong re-emulsifying. Highly effective even by removal of multi-layered protective films. Low foaming. Can be used on all alkali-resistant surfaces. Especially for deep cleaning of epoxy resin coatings. Ideal in metal-processing operations, removal of forklift abrasions. Can be used in floor scrubbers. Fast separating action in oil water separator.

404743 – 10 L CANISTER

NOWA tanin

Fat and oil remover

Effective removal of proteinaceous and greasy residue | Eliminates incrustation | Ideal for commercial kitchens

Quickly and easily removes mineral, vegetable and animal oil and grease. Can be used on all alkali- and water-resistant floors and home furnishings. Effortlessly eliminates even stubborn oil and grease residues, soot, tar and metal and rubber abrasions. Low-foaming feature and neutral scent make trouble-free use possible on a variety of devices and machines. Separates quickly in an oil water separator.

403973 – 10 L CANISTER

NOWA MR 750

Chlorine free high alkaline cleaner

Effective removal of proteinaceous and greasy grime | Special alkali combination | Suitable for CIP systems

With emulsifying power, effectively removes protein- grease and oil crusts. NOWA MR 750 can be used in all other areas with heavy oil and grease soiling. Even in hard water, it is suitable for automatic dishwashers. Can be used in the food processing industry.

712960 – 20 l CANISTER

*pH value at 1%

NOWA SR 760

Industrial alkaline foam cleaner

Effective removal of proteinaceous and greasy grime | Brief contact time | Compact foam

Industrial foam cleaner without chlorine that has excellent protein and grease-dissolving properties even with short contact times. Forms a stable, compact foam. Ideally suited for use in foam devices, low or high pressure units to clean heavily soiled alkali-compatible surfaces of all types in food processing areas.

712857 – 10 l CANISTER

*pH value at 1%

NOWA neutral

Neutral cleaner for industrial application

No fragrances | No dyes | Versatile

NOWA neutral is a neutral pH maintenance cleaner that effectively removes oily and greasy grime. Because the product contains no dyes or fragrances, it is highly compatible with materials and skin. The versatile NOWA neutral can be used as a manual dishwashing detergent.

1306787 – 10 l CANISTER | **1303865** – 200 l BARREL

NOWA RHE 720

Liquid smoke stain remover

High-performance | Versatile | Compact foam

NOWA RHE 720 effortlessly removes stubborn grime such as tar and resin residue, grease and proteinaceous soiling. It is suited for use in high and low pressure devices. The compact foam adheres well to vertical surfaces too for longer and more effective contact time.

712861 – 10 l CANISTER | **712860** – 20 l CANISTER

*pH value at 1%

Acidic Industrial Cleaners

NOWA SLR 600

Industrial acid foam cleaner

For food industry | For high and low pressure equipment

Acidic surface cleaner for the food processing industry; removes grease, water stains, soap scum, incrustations, rust stains and other mineral soiling. For cleaning acid-resistant materials. Outstanding use in high and low pressure systems.

712855 – 15 L CANISTER

Cleaners with Chlorine

NOWA KRC 740

Liquid disinfectant, chemo-thermal kitchen cleaner

**Removes proteinaceous and greasy grime | Disinfects with chlorine
For high and low pressure equipment**

Automatic box cleaner for removal of heavy soiling caused by grease and protein. Outstanding emulsifying and dirt-absorbing attributes; with active chlorine for highly effective disinfection. Can be used in high and low pressure systems to clean transport boxes, cutter trolleys and containers, knives, boots and aprons. Listed in German IHO list of disinfectants for Food Hygiene. Use biocidal products with caution. Always read the label and product information before use.

713316 – 20 L CANISTER

*pH value at 1%

This product may not be available in certain countries.

NOWA ISR 700

Chlorine based disinfectant foaming cleaner

Stable foam | Disinfects with chlorine | For high and low pressure equipment

Industrial foam cleaner with active chlorine. For cleaning all alkali-compatible surfaces of all types in food processing operations. Develops stable foam. Outstanding suitability for use with high and low pressure systems. Listed in German IHO list for Food Hygiene. Use biocidal products with caution. Always read the label and product information carefully before use.

713323 – 20 L CANISTER

*pH value at 1%

This product may not be available in certain countries.

Metal and Equipment Cleaners

NOWA clean

Industrial cleaner for metal processing industry

Versatile | Low foaming | Economical concentrate

Eliminates dirt and grime from all types of flooring and production systems. Low foaming, pleasant scent and economical concentrations. Extremely low Chemical Oxygen Demand value ensures low pollution of wastewater.

712855 – 15 l CANISTER | **1108473** – 200 l BARREL

NOWA gromar

Separating industrial cold cleaner

Separates quickly | Gentle to material | For automotive industry

Easily removes oils, grease, rubber abrasions, proteinaceous crusting, soot, etc. Gentle to materials, thanks to special rust protection components. Rapid demulsification. DEKRA-approved industrial cold cleaner. Can be used on all waterproof surfaces. Ideally suited for exterior cleaning of production systems. Also used to clean engines of transport vehicles.

1404727 – 10 l CANISTER

Special Products

NOWA frigo

Ready-to-use cleaner for deep-freeze storage rooms

No defrosting | No need to remove frozen goods | Up to -31°C

NOWA frigo is a cleaner for concentrated use during normal operations in refrigerated warehouses. The product de-ices and removes oily and greasy grime. Defrosting and re-cooling of refrigerated contents are not required. The time-consuming and expensive temporary storage of the frozen foods is thus avoided.

713887 – 10 l CANISTER

FOAM-EX

Defoamer

For dirty water tanks | Anti-foaming | Varied uses

Prevents foam formation or destroys existing foam in the dirty water tank of extraction devices, water vacuums, floor scrubbers. Extremely economical use. Can be used to eliminate foam formation in the washing machine

713891 – 5 l CANISTER

PRORAX

High performance drain cleaner

Powerful | Removes bad odors | Prevents blockages

PRORAX powerfully removes stubborn clogs in all conventional drains, e.g., in kitchens or sanitary areas. With its high performance formula, PRORAX works quickly and dissolves even greasy clogs and hair within only five minutes. Simple to use, thanks to the dosage marking on the side of the bottle.

715500 – 1 l BOTTLE
*pH value at 1%

BIOBACT clean

Biotechnological all-purpose cleaner

Cleaning efficiency | Long-lasting cleanliness | Material friendly

Biotechnological cleaner for all waterproof surfaces. Long-lasting elimination of offensive odors; leaves behind a pleasant scent. Regular use prevents new formation of organic contaminants. BIOBACT clean helps to reduce offensive smells in industrial operations, especially in areas who watery solutions are disposed of via the wastewater system.

714707 – 1 l BOTTLE

Laundry Detergents & Stain Removers

Liquid Laundry Detergents

ACTIV delicat

Liquid detergent for delicate textiles

Gentle to fabrics | Protects fibers

Gentle liquid detergent based on almond oil for delicate fabrics, such as wool, viscose, acetate, elastic and synthetic textiles. Contains no bleaching agents or optical brighteners, making it for hand washables. Can be used for colored laundry at temperatures between 20 and 60°C.

712602 – 5 L CANISTER* | **415464** – 15 L CANISTER

DE/006/036

ACTIV liquid

Liquid detergent

Economical | Pleasant scent | Gentle to fibers

ACTIV liquid is a concentrated heavy duty liquid laundry detergent. Harmless to health of fabric wearers and cleaning personnel. Because it is free of bleaching agents, it can be used for white and colored laundry. ACTIV liquid works well starting at 30°C.

716673 – 5 L BOTTLE* | **712822** – 15 L CANISTER

DE/039/007

ACTIV perfect KLIKS

Ultra-concentrated liquid detergent

Powerful cleaning at low temperatures | Material friendly | Economical

ACTIV perfectKliks contains no bleaching agents. It is material friendly and compatible with all types of fabrics. Excellent washing performance at temperatures of 30°C and higher. The anti-graying system permits versatile use for all types of water and water hardness and from slightly to heavily soiled laundry. For use in Kliks-System.

714347 – 10 L BAG IN BOX

AT/039/003

ACTIV fresh

Concentrated complete detergent

Enzymatic | Fresh fragrance | All water types

Top cleaning performance in all water hardness levels. The combination of chelating agents and soap guarantees good descaling. Prevents graying too. Gives the laundry a pleasantly fresh citrus scent. Dosing with an automatic dosing system.

713072 – 15 L CANISTER

Powders and Tablets

ACTIV tabs

High performance, ecological laundry tabs

Easy dosing | Long lasting freshness

ACTIV tabs, which are made from carefully selected raw materials, are ideal for sensitive skin. They achieve excellent cleaning results and offer top washing performance for all white and colored fabrics. Sustainable ACTIV tabs contain renewable raw materials and fulfill Ecolabel criteria.

715163 – 56 TABS
*pH value at 10 g/l

ACTIV bicompact

Ultra Concentrated Laundry Detergent

High performance | Long-lasting scent | Highly concentrated

Especially economical compact laundry detergent with fivefold bio-enzyme system and oxygen-based bleach. High-performance washing power at low temperatures and low doses. Saves 60% of energy costs and time with shorter wash cycles.

716500 – 10 KG BOX* | **716249** – 10 KG REFILL BAG
*pH value at 5 g/l

ACTIV performa

High performing laundry detergent for bleaching and degreasing

Enzymatic | Strong stain remover | EU-Ecolabel certified

Achieves optimum washing results from 30 °C using natural enzymes for stubborn and greasy stains or heavily encrusted food residues such as egg white, wine, tea, coffee, lipstick, blood. Optimum bleaching performance from 60 °C. ACTIV performa is based on renewable raw materials and plant-based surfactants. The concentrated formulation allows low dosage for more wash loads. Ideal suitable for use in hotels, restaurants and cafes.

716052 – 15KG BAG
*pH value at 10 g/l

ACTIV intense

High performing laundry detergent – long-lasting fragrance

Fresh scent | Whiteness from 30°C | EU-Ecolabel certified

ACTIV intense removes all kinds of stains through natural enzymes. Effective washing at low temperatures (from 30 °C to 60 °C). The carefully selected perfume provides a long-lasting fresh scent. Economical in consumption. Based on renewable raw materials and plant-based surfactants. Perfectly suited for use in retirement and nursing homes.

716051 – 15 KG BAG
*pH value at 10 g/l

ACTIV color

High-performing detergent for colored textiles

Enzyme-based | No color fading | Plant-based surfactant system

ACTIV color contains neither bleaching agents nor optical brighteners, so it protects colored laundry from fading. The formula's enzymes and emulsifying action make ACTIV color suitable for pre-washing. ACTIV color is effective at all water temperatures.

716050 – 10 KG BAG

*pH value at 10 g/l

ACTIV universal

Complete powder for all textiles

No fragrance | No dye | Varied uses

ACTIV universal washes effectively with help from its bleach components at all temperatures and removes all types of stains. ACTIV universal is economical in use.

714762 – 20 KG BAG

*pH value at 10 g/l

APESIN activdes hygiene

Disinfecting washing powder

RKI-listed | VAH-listed | Disinfects at 60°C

APESIN activdes hygiene cleans, bleaches and disinfects in one wash cycle. Protein and starch stains are removed and unpleasant odors effectively eliminated. Listed by VAH (Association of Applied Hygiene) and RKI (Robert Koch Institute) and satisfies effectiveness criteria according to EN 13727, EN 16616 and EN 14476.

Use biocidal products with caution. Always read the label and product information before use.

715040 – 15 KG SACK pH value at 10 g/l

Stain Removers

SOLUS multi

Pre-wash spotter for protein and greasy stains

Easy-to-use | For all fabrics | Efficient stain remover without bleaching agents

SOLUS multi effortlessly removes greasy, proteinaceous soiling. Without bleaching additives or optical brighteners. The product is therefore suitable for all fabrics, including delicate washables and colored laundry. The formula is based on renewable raw materials.

713068 – 750 ML SPRAY BOTTLE

SOLUS oxydet

Active-oxygen pre-spotter for colored stains

Without chlorine bleach | Removes colored stains | Easy application

The active ingredient combination of SOLUS oxydet from biodegradable surfactants and hydrogen allows effective removal of colored stains. SOLUS oxydet contains neither chlorine bleach nor optical brighteners and is also suitable for use on sensitive or colored textiles.

715970 – 750 ML SPRAY BOTTLE

Laundry Additives

Detergent Boosters

SYSTEM alca

Alkaline liquid booster

Powerful | Effective stain removal | Renewable resources

SYSTEM alca can be used as a pure alkaline detergent or in the system as a washing power booster. Removes stubborn stains and offers a good bond to greasy residue. It contains an innovative system of chelating agents based on renewable resources. Excludes the use of eco-toxic ingredients such as NTA, EDTA and phosphates.

712826 – 15 L CANISTER

*pH value at 1%

DE/039/007

SYSTEM power KLIKS

Ultra-concentrated liquid detergent

Highest degreasing power | Softens the water | Also as stand-alone detergent

SYSTEM powerKliks is an ultra-concentrated, alkaline washing power booster for removing stubborn stains. It can be used as a stand-alone detergent or in the system at temperatures as low as 20 °C. It contains a novel complexing agent system based on renewable raw materials and, at the same time, does not contain ecotoxicologically harmful ingredients such as NTA, EDTA and phosphates. For use in the Kliks system.

714348 – 10 L BAG IN BOX

*pH value at 1%

AT/039/003

Bleaching Additives

SYSTEM white KLIKS

Ultra-concentrated laundry bleaching additive

Efficient at low temperatures | Powerful stain remover | Saves energy, reduces waste

SYSTEM whiteKliks achieves bright white cleaning results. Easily removes all bleachable stains such as wine, coffee or tea. Suitable for use at low temperatures, making it perfect for fabrics that should be washed only at 30°C. For use in Kliks-System.

714349 – 10 L BAG IN BOX

AT/039/003

SYSTEM oxybleach

Bleaching additive for laundry

Stain remover | Radiantwhite results | Works at low temperatures

Bleach additive based on peracetic acid with outstanding bleaching effects, starting at 30°C. For use with a detergent (e.g., ACTIV liquid) via an automatic dosing system in the washing machine. Highly-effective on all colors and bleachable stains.

714777 – 20 L CANISTER

Disinfecting Bleaching Additives

APESIN oxydes

Laundry disinfecting and bleaching additive

Stain remover | Outstanding bleaching results | Works at low temperatures

For removal of all types of bleachable stains. To be used for chemical-thermal disinfection of fabrics in APESIN system 40 with ACTIV liquid and SYSTEM alca. APESIN system is listed by the German Robert Koch Institute (RKI) and Association for Applied Hygiene (VAH) for use at 60°C. APESIN system 40 is listed by VAH for 40°C. Use biocidal products with caution. Always read the label and product information before use.

Accessories

Quick & Easy Accessories

Trigger spray systems for easy, exact and safe dosing of Quick & Easy products. Mounted on a belt, the Quick & Easy cartridges are ready for immediate use.

- 714069** – QUICK & EASY TRIGGER SPRAY, INCLUDING WATER BOTTLE (EMPTY)
- 713912** – QUICK & EASY BELT

Triggers and Empty Bottles

Screw-on Trigger for Spray and Foam Use

- 702909** – 10X TRIGGER BOTTLE 750 ml EMPTY
- 712545** – 10X SPRAY/ FOAM TRIGGER WHITE
- 408597** – 25X TRIGGER FOR APESIN SPRAY F 750 ml
- 709931** – 25X FOAM TRIGGER SPRAYER BLUE
- 701904** – 25X FOAM TRIGGER SPRAYER GREEN
- 709933** – 25X FOAM TRIGGER SPRAYER RED

Drain Tap

Screw-on drain tap to refill bottles from large canister.

- 713230** – 10X DRAIN TAP FOR 2X5-L CANISTER (42 mm Ø)
- 1404508** – 10X DRAIN TAP FOR 10-L CANISTER (45 mm Ø)

Dosing Attachments

Screw-on Dosing Attachments for simple, fast and exact dosing from 1-L bottle

- 715607** – 20X DOSING ATTACHMENT 5 ml
- 714212** – 10X DOSING ATTACHMENT 10 ml
- 714492** – 10X DOSING ATTACHMENT 20 ml
- 712540** – 10X DOSING ATTACHMENT 71 ml (1-L BOTTLE)

Dosing Pumps

Dosing pumps fit 5-L or 10-L canister for accurate output of cleaning and disinfecting products. Output rate is 20 ml per pump stroke.

- 712880** – 10X DOSING PUMP FOR 2X5 L CANISTER (42 mm Ø)
- 404511** – 25X DOSING PUMP FOR 10 L CANISTER (45 mm Ø)

Drum Pumps

Drum hand-operated pump fits Tana 200-L drum for simple filling of cleaning and disinfecting products from a large container.

- 404505** – 1X TP 300 HIGH-PERFORMANCE PUMPS
- 404506** – 1X DRUM PUMPS FOR 200-L DRUM

Nito Clean

Foam Cleaning Equipment

Foam pistol for application of a blanket of stable foam on horizontal and vertical surfaces. Variable dosing can be set up. Connection is made over a conventional water connection.

- 702278** – 1X NITO-CLEAN 1,4 l

Tana Easy Dos

Simple connect the portable dosing device for 5-L or 10-L canister to a water hose and screw onto the concentrated product. Then dosing can be done anywhere on site. At a flow rate of up to 10 liters/minute, the dosing device is fast and efficient. Another advantage is the accurate and continuous dosing by means of different-colored dosing nozzles.

- 712599** – 1X TANA EASY DOS

Tana Dos Quatro

Easily installed stationary dosing device for connection to up to four concentrated cleaners. Tana Dos Quatro is especially efficient at filling with a flow rate of up to 4 liters/minute for buckets. Available in the 2-2 model with two bottles and two bucket fillings and the 1-3 model with one bottle and three bucket fillings.

- 712665** – 1X TANA DOS QUATRO 3-1
- 712666** – 1X TANA DOS QUATRO 2-2

Tana Dos 2/3

Easily installed dosing equipment. Four-line dosing device for bucket and bottle filling. Depending on the model, Tana Dos 2 or 3 is available for the dosing of one, two or three products (Tana Dos 3 shown here).

- 701167** – 1X TANA DOS 2
- 701168** – 1X TANA DOS 3

Disinfectant or Soap Dispenser

For hygienic hand disinfection and washing. Suitable for 500-ml and 1-L APESIN and LAVAMANI square bottles. Vario dispenser for manual operation (closure plate sold separately). TL Spender for fully automatic no-touch operation.

- 715980** – 1X TL (Touchless) DISPENSER
- 712113** – 1X DISINFECTANT DISPENSER 1 L
- 712114** – 1X DISINFECTANT DISPENSER 500 ml
- 712266** – 10X CLOSURE PLATE FOR DISINFECTANT DISPENSER 500-ml
- 712265** – 10X CLOSURE PLATE FOR DISINFECTANT DISPENSER 1-L

Holder and Hand Pumps for Square Bottles

Metal holder for APESIN and LAVAMANI square bottles. Can be used for 500-ml or 1-L bottle. Hand pumps for each bottle size sold separately.

- 712434** – 10X PUMP FOR 500-ml SQUARE BOTTLE
- 712427** – 10X PUMP FOR 1-L SQUARE BOTTLE
- 712201** – 1X HOLDER FOR SQUARE BOTTLE

Kliks Holder

Wall-mounted Holders or Stands for Kliks Cartons

- 714404** – 1X KLIKS HOLDER FOR 5-L CARTON
- 714403** – 1X KLIKS HOLDER FOR 10-L CARTON

Power Pads

Pads for ceramic floor coverings

With microabrasion action, Power Pads deep-clean stone floors very gently. Especially on microporous surfaces, the pads' cleaning performance exceeds that of conventional methods (e.g., with microfiber pads). Particularly suited for deep-cleaning of microporous ceramic flooring such as fine stoneware.

- 709506** – 10X POWER PAD, MELAMINE HAND PAD (25X11.5 cm)
- 709507** – 5X POWER PAD, MELAMINE FLOOR PAD (Ø 40.6 cm)

Timber Pad

Special pads for treatment of wood floors

Special cleaning pads for wood floors with use of LONGLIFE matt and TIMBER natura. TIMBER Pad Clean for the stripping of oiled and waxed wood floors. TIMBER Pad Grind for varnished surfaces.

- 701748** – 5X TIMBER PAD CLEAN, Ø 40.6 cm
- 701749** – 5X TIMBER PAD GRIND, Ø 40.6 cm

Steel Wool

Steel Wool Ring for Crystallization of Calcium-based Natural Stone Floors

- 1404512** – 20X STEEL WOOL RING FINE
- 1404513** – 20X STEEL WOOL RING COARSE
