

LOGLIFE cristan

Crystallizer

- Enhances gloss ■ Facilitates cleaning

Product profile

- LONGLIFE cristan gives more gloss to all calcareous stone floors, leaving them resistant to dirt and easy to clean.
- The colors of the natural floors regain their original gloss and clear appearance.
- Floors treated with LONGLIFE cristan facilitate cleaning and continue to shine like new for a long time.
- High yield as a result of a minimum use of the product.

Area of application

- For use on all calcareous stone floors which are sensitive to acid, such as marble, travertine, terrazzo and other concrete stones. Do not use on ceramic floors, granite, sandstone or slate.
- We recommend the use of tana steel wool mats which are available separately.
- The steel wool pad has to be new or should be turned for each application. Afterwards dispose the pad.

Application and Dosing

Follow below instructions. Shake before use.

Intensive cleaning: Firstly remove all residues and incrustations (e.g. LINAX extreme).

concentrated

Crystallization: Spray LONGLIFE cristan undiluted in a fine mist over the floor.

Immediately use a slow running single-disc machine with a coarse steel wool mat.

Repeating the whole procedure with fine steel wool mat.
