

TUBA shampoo

Carpet cleaner

- Protects fibres ■ Revives colors ■ Convincing performance

Product profile

- TUBA shampoo provides fibre- deep cleaning thanks to its dirt-loosening and grease-cutting ingredients. The ingredients easily absorb even stuck-on dirt, without leaving any sticky residues.
- Shampooing on a dry basis is possible in an adequate machine due to relatively dry foam. The remaining slight powdery residue containing the polymer-bound dirt can easily be vacuumed.
- Preserves the carpet; TUBA shampoo is free of optical brightener and bleaching agents.
- Pleasant to use: TUBA shampoo leaves a pleasant and fresh fragrance and is well tolerated by skin.
- TUBA shampoo can be used in all shampooing machines.

Area of application

- TUBA shampoo is ideally suitable for the application on all natural or synthetic textile floorings, which tolerate shampoo cleaning. Before use, test the color fastness and moisture resistance of the carpet on an inconspicuous area.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

100 mL/L

Shampoo the carpet: do not use hot water. Foam is needed before brushing the carpet.

Afterwards vacuum the carpet thoroughly.

After complete drying vacuum the flooring again intensively.

Ingredient declaration
